

ZINC PLATED EXPANSION BOLT 20 U

Ref: V22210-C20

Box of M10 × 70 mm bolts 20 units

Expansion bolt. Made of zinc plated steel. For industrial use, vertical work or climbing equipment. It measures 10 millimetres in diameter and 70 millimetres in length and is recommended for very hard rock. It features a red mark that indicates the optimal installation depth. Fixe 1 and Fixe 2 plates are approved for use with Fixe bolts, in accordance with EN959, UIAA-123 and EN 795-A standards.

Packaging info:

The packaging is made entirely of recyclable material (kraft paper). The entire packaging must be recycled as paper.

Información técnica:

Brand:	Fixe
Diameter:	10mm
Size long:	70mm
Country of origin:	China
Color:	Ecotri
Material:	Steel
Format:	Box
Installation key:	17
Minimum drift to the edge:	50 kN
Minimum distance between axes:	50 kN
Torque:	35Nm
Minimum thickness of the base material:	110 kN
Tensile strength:	19,0 kN
Shear strength:	14,4 kN
Minimum drill depth:	66,5 kN
Breaking Strenght:	25kN
Configurator:	No
